TRAINING

Data Structure And Algorithm

June – July 2024

Board Infinty

- Completed comprehensive training in data structures and algorithms in C++ from Board Infinity, mastering fundamental concepts and advanced techniques.
- Acquired proficiency in implementing various data structures such as arrays, linked lists, trees, and graphs, along with their associated algorithms for efficient problem-solving.
- Demonstrated expertise in algorithm design and analysis, including time and space complexity analysis, enabling the development of optimized solutions to complex problems.
- Applied knowledge gained from training to solve real-world programming challenges, showcasing problem-solving skills and logical thinking abilities..

PROJECTS

Portfolio Website | *HTML, CSS, JavaScript, ReactJs, Git*

July. 2024 - Sept. 2024

- Designed and developed a sleek, responsive portfolio website using HTML, CSS, JavaScript and React for optimal user experience across devices.
- Implemented custom features like interactive project showcases, contact forms, and navigation menus to enhance engagement and navigation.
- The website serves as a digital representation of my professional identity, offering a platform to explore details about my skills and achievements.
- Github Repository Link: <https://github.com/jaivend/Project-portfolio>

Gym Website | *HTML, CSS, Javascript, bootstrap*

Jul. 2025 - Aug. 2025

- Designed and implemented a gym website featuring user-friendly navigation and responsive layout using HTML, CSS, and JavaScript.
- Developed custom features such as user registration, appointment scheduling, and workout tracking to optimize user engagement and satisfaction.
- Enhanced customer experience by creating a new landing page with improved aesthetics and intuitive interface elements, fostering increased website traffic and user retention.
- Github Repository Link: <https://github.com/jaivend/Project-gymwebsite>

CERTIFICATIONS

Web Design Developer

Nov 2023

free code camp

Data structure and algorithm

Oct 2022

Coursera

Sql For Data science

Jan 2022

Great Learning

TECHNICAL SKILLS

Languages: C/C++, JavaScript, HTML, CSS, SQL

Frameworks: ReactJs,Node js

Developer Tools: Git, Figma, PyCharm

Skills: Data Structures and Algorithms, Problem-Solving, Responsive Web Design

EDUCATION

Lovely Professional University

Jalandhar, Punjab

Bachelor of Technology in Computer Science and Engineering - CGPA: 6.44

Aug. 2021 – Dec. 2025

Tatya Saheb Musale Junior College

Kolhapur, MH

Class XII

Apr. 2020 – Apr. 2021

Happy Faces The Concept School

Washim, MH

Class X

Apr. 2018 – Apr. 2019
